PROFILE

Coding is a fascinating activity that I am passionate about because it gives me the freedom to work on eclectic tasks. New projects help me hone my coding skills, and prompt me to further expand my knowledge. Programming jobs are challenges that I am willing and most excited to take on.

Reading

LANGUAGES

English (Native)
Arabic (Native)
German (Upper Intermediate)

EDUCATION

Lebanese American University – BS in Computer Science (3.93 GPA)

September 2020 – Present

I am currently a Junior and have been an active participant in technical workshops and talks that supplement my strong algorithmic coding foundations and pique my interest in novel technological fields.

WORK EXPERIENCE

Saradar Shared Services SAL – Backend Development Intern

July 1st 2021 – August 31st 2021

I completed a 2-month period as a full-time intern, during which I had the chance to participate in company projects, learn conventions and techniques from professionals, and also work on my own individual projects to cement my skills. The technologies I used included Spring Boot for Java-based REST APIs, as well as PostgreSQL and pgAdmin for database creation and management. At the end of the internship, I was able to create a well-rounded API complete with the concepts of micro services, testing and debugging.

SKILLS

- ♦ Proficient in OOP languages , such as Python and Java, and algorithmic coding in C
- ♦ Knowledgeable about front-end technologies: HTML, CSS, JavaScript
- ♦ Familiar with front-end development frameworks, such as Bootstrap and React
- ♦ Familiar with Unity and C# through course work and university projects
- ♦ Proficient in database management technologies: SQL, PostgreSQL, pgAdmin and well-versed in advanced Relational Database concepts
- ♦ Experienced in building REST APIs with a well-rounded knowledge of web services
- ♦ Adept at creating micro services using Spring Boot framework
- ♦ Experience working with Git and GitHub
- ♦ Creative and avid learner
- ♦ Flexible problem-solver
- ♦ Strong communication skills
- ♦ Great collaborator
- ♦ Detail-oriented and critical-thinker
